I believe in

- An inclusive community where all our citizens enjoy a healthy environment and economic dignity
- Ensuring the opportunities of future generations are not compromised by our actions today
- Balancing the priorities of environmental responsibility, economic resilience, health and social wellbeing, cultural vitality
- Dialogue, negotiation and consensus building
- An economy built on small local enterprise

Accomplishments I have championed

- Strategic Plan based on collaborative leadership, financial sustainability, protection of water resources, zero waste, and regional planning initiatives
- Support for local agriculture and food security initiatives
- 'We Envision' Regional Sustainability Strategy
- Dakota Ridge Winter Recreation Facility
- Creation of a *Regional Affordable Housing Committee*
- Bike lane construction
- 1st reading of new *Roberts Creek Official Community Plan*
- *Integrated Transportation Study* and *Zero Waste Management Plan*
- Improved relationships with First Nations, Town of Gibsons, District of Sechelt

My priorities

- Protection of the Chapman and Grey Watersheds
- Improve recycling services
- A community garden at Roberts Creek Elementary
- Develop a local carbon offset program
- Smart land use planning to reduce car dependency and increase transit, cycling and pedestrian options
- Complete the *RC Official Community Plan*
- Enhance our parks and trails network
- An ecological approach to Mt. Elphinstone Crown lands
